Custom sizes available

GOB-protected LED panel

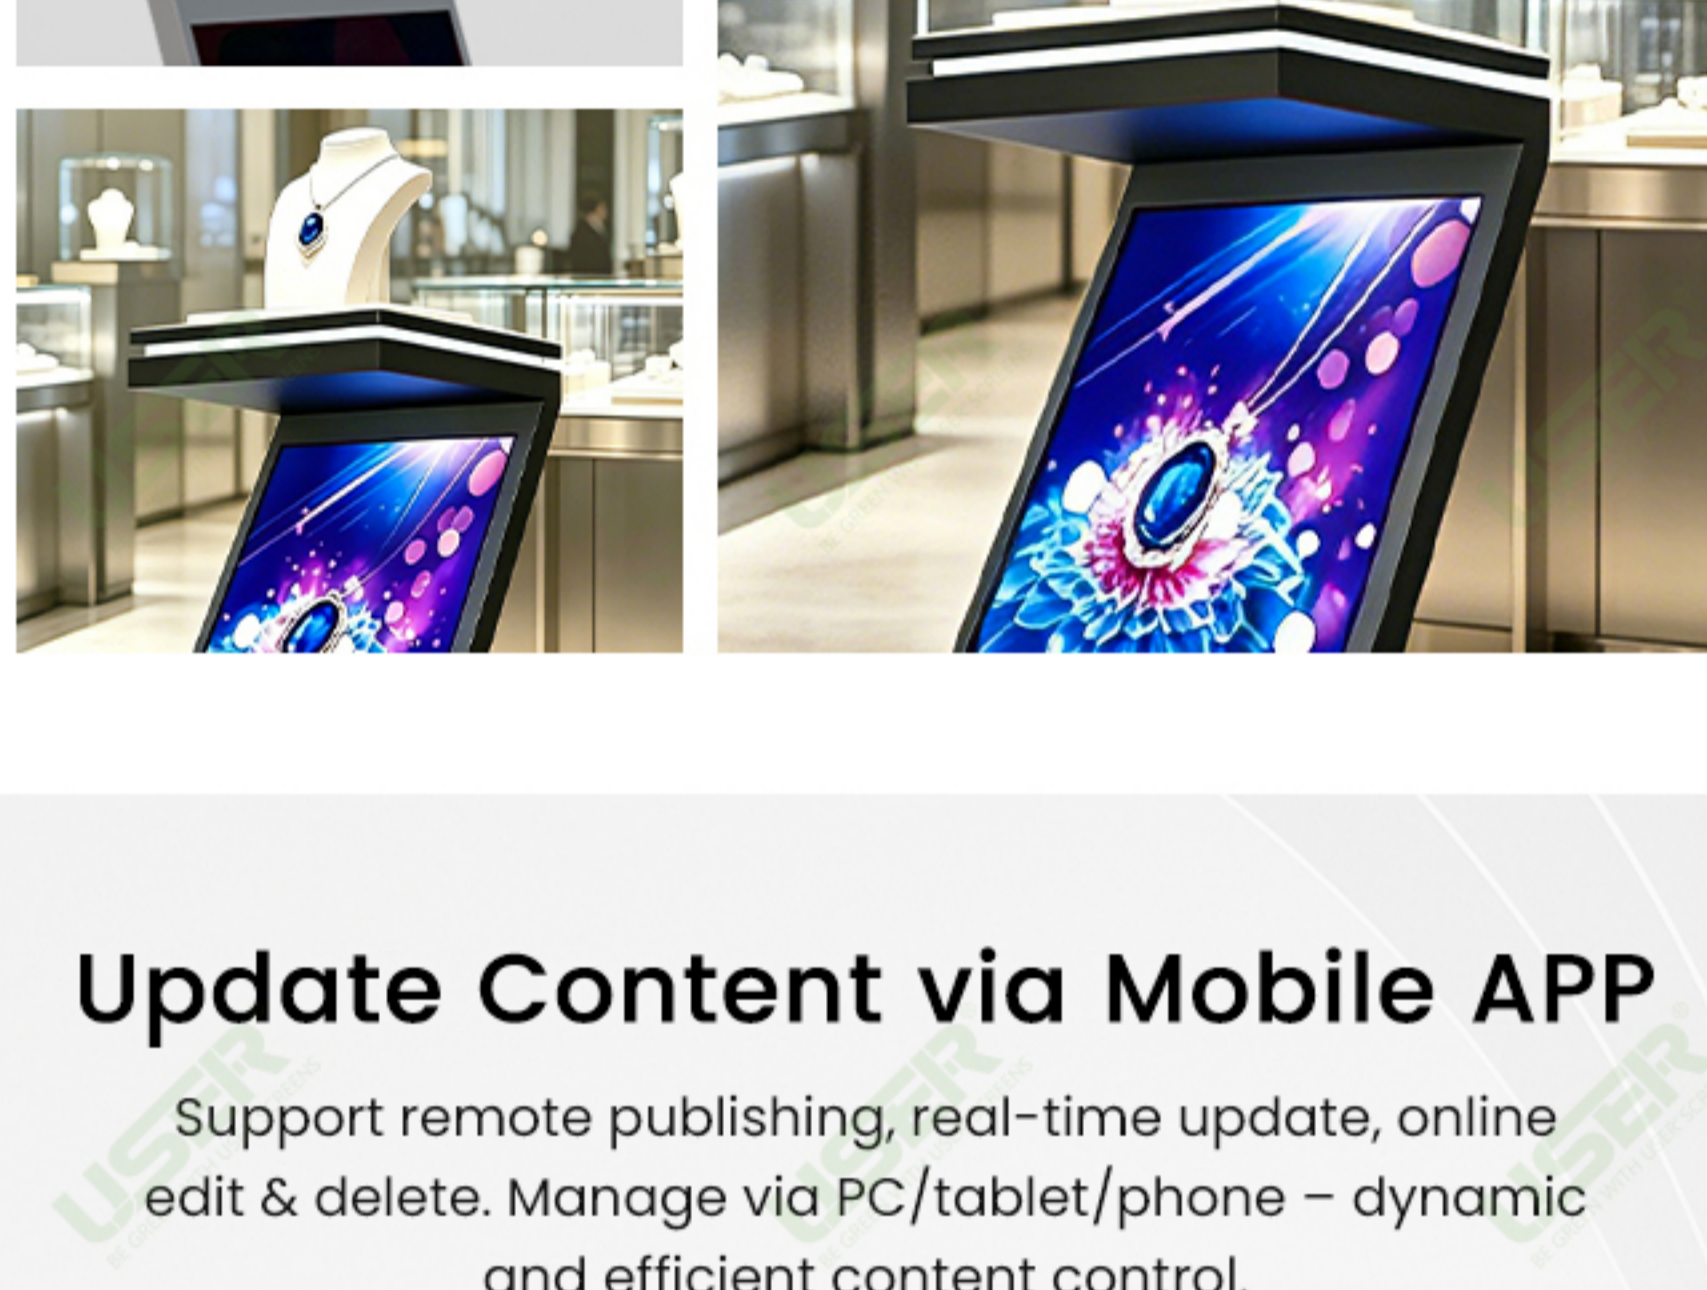

Z-Shaped Ergonomic Slanted View

Z-shaped floor-standing design with slant screen & base. Natural viewing angle – no bending, no straining. See product and screen clearly while saving counter space.

High-Transparency Acrylic Cover

Thickened high-transparency acrylic cover – 360° clear view. Dustproof, scratch-resistant, impact-resistant. Protects valuables while showcasing perfectly.

Update Content via Mobile APP

Support remote publishing, real-time update, online edit & delete. Manage via PC/tablet/phone – dynamic and efficient content control.

Supported Formats

WMV, AVI, FLV, RM, RMVB, MPEG, TS, MP4

MP3, WAM, WAV, APE, M4A, 3GPP

JIEP, PEG, GIF, TIFF, PNG, JPEG, etc., WebP

USB Offline Update

No network connection? Simply save your content to a USB drive, plug it into the device, and update the screen instantly.

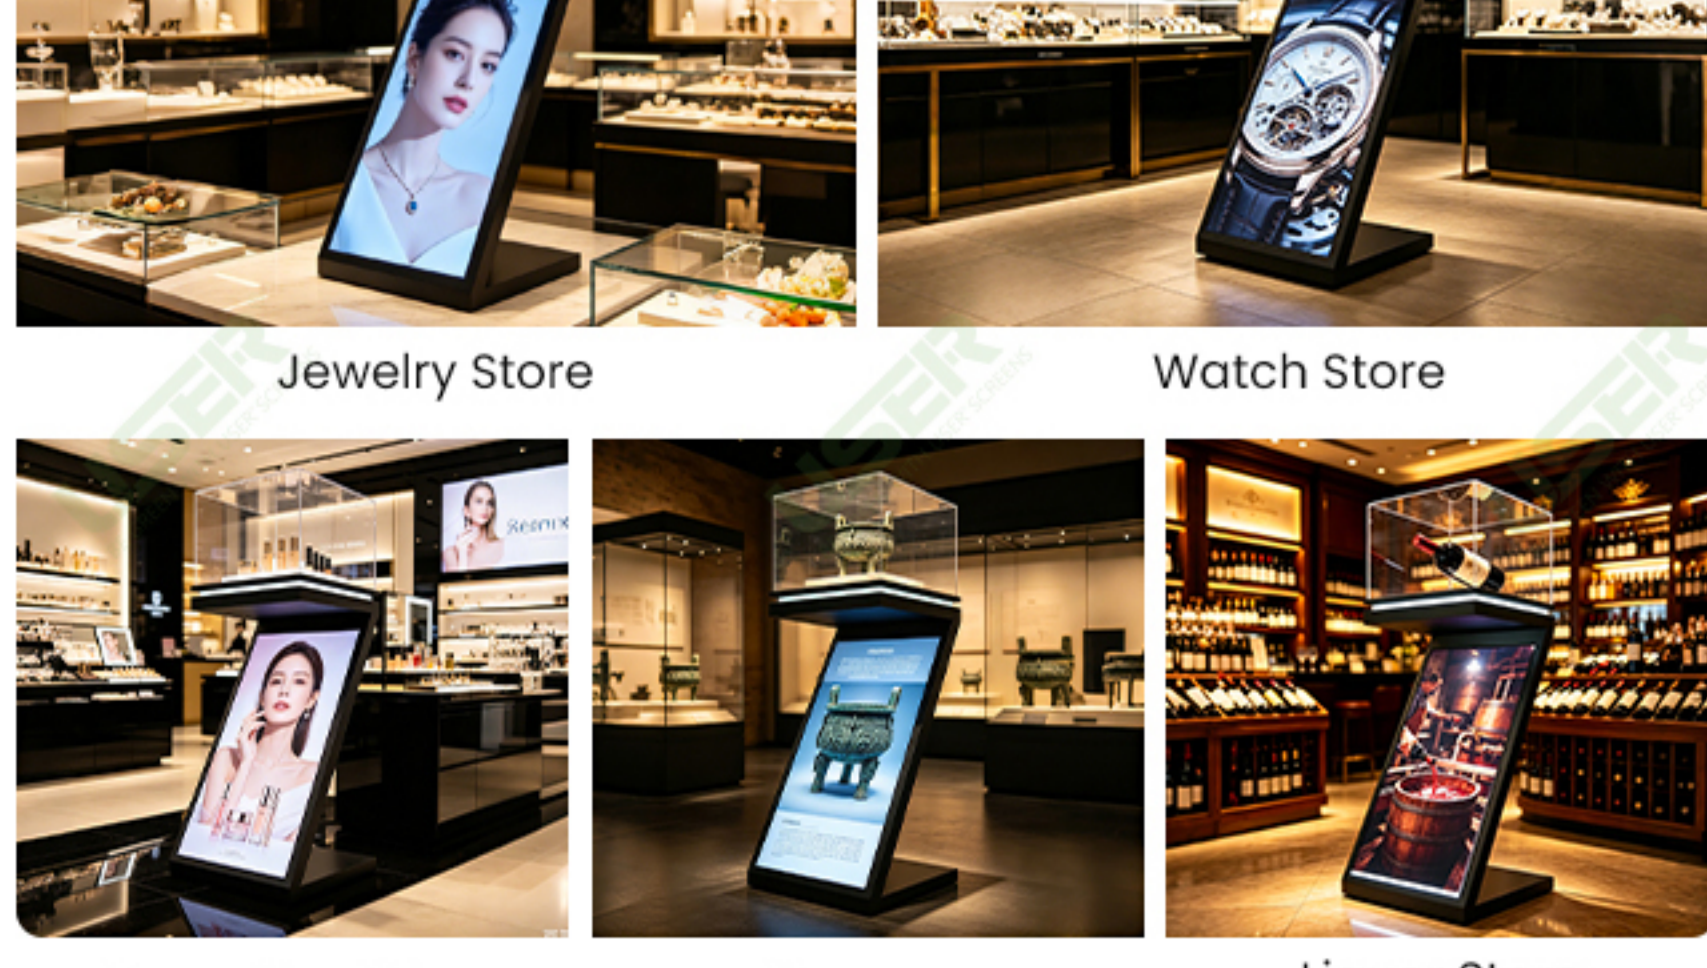

GOB Protection + Front Maintenance

The GOB full-potting HD LED panel enables front suction-cup maintenance – quick servicing, crystal-clear image quality, and reliable digital display for physical exhibits.

Applicable Scenarios

The Z LED Cabinet fits any space and product type. Ideal for duty-free, jewelry, electronics, cosmetics, and toys. Flexible, professional, and easy to use.
